

Parks and Recreation Committee

October 10, 2024

Bois Blanc Township Hall

Present: Committee members – Diane Akright, Jay Beugly, and James Robinson

Meeting to order at 4:10 pm.

Minutes – Jay

Previous meeting minutes were approved.

Old Business

Nichols Point – Diane

The plans will be sent to the planning commission and the township board for approval. There are a couple of potential errors on the site plan. Iona is likely labeled in the wrong location. Additionally it appears that the parking along the roadway is actually in the “right of way”, so that will have to be moved back. We also need to clarify if the parking is pull in or parallel. We should also make sure that the township board knows this site plan is a phased approach with some ideas that are drawn out as later phases to the park.

North Shore – James

James will be removing the old outhouses constructed along the campsites. He plans to clean it up and burn the old structures.

Bright Waters Park – Diane

No update.

Signs and Kiosks – Diane

Lake Mary sign is being covered by the foundation and will match the signs we order for other parks.

James will pick up the slate signs with the maps of all the township parks on Saturday Oct 12.

Calendars – Diane

We only have 7 submissions, might need to drop the entry rate in the future to get more participation. We have sold 2 additional calendars through the mail. We need to check with the outpost to see how sales have been there.

Parks and Rec Positions – Diane

Jay does not plan to remain on the committee after December. James is also unsure. Ginger and Jim were not in attendance, so we are unsure if they plan to remain on the committee.

New Business

The craft show will happen again in 2025. But there will be no separate Parks and Rec fundraiser. We will probably need a toilet placed at the craft show for that day.

Meeting Adjourned at 5:05pm
